I Ching: The Book Of Changes [Translated] [Annotated]

節彼南山維石巖巖赫赫師尹民具爾瞻憂
不敢戲談國既卒斬何用不監節彼南山有
赫赫師尹不平謂何天方薦瘥喪亂弘多民
惛莫懲嗟尹氏大師維周之氏秉國之均四
天子是毗俾民不迷不弔昊天不宜空我師
親庶民弗信弗問弗仕勿罔君子式夷式已
殆瑣瑣姻亞則無恤仕昊天不傭降此鞠訖
惠降此大戾君子如屆俾民心閱君子如夷
遠不弔昊天亂靡有定式月斯生俾民不寧
誰秉國成不自為政卒勞百姓駕彼四牡

Synopsis

-Translated into English by scholar and missionary James Legge.-Preface and annotations on meanings of the I Ching and the unique challenges of interpreting the I Ching as a Westerner. The I Ching, the Classic of Changes, The Yǎo King, the Book of Changes. Known by many names, this ancient Chinese classic is traditionally thought to have its origins from before recorded history and written by the hero who invented writing. It has been used for numerous purposes, including a tool for divination, an illustration of Confucian philosophy, and an explanation of mythological cosmology.

Customer Reviews

This translation by Legge is actually rather good--better, I think, than Wilhelm's. Legge was somewhat skeptical of the book and did not try to force a favorable light on what he was translating--as Wilhelm did. However, unless one is familiar with the I Ching, this Kindle version of Legge's translation will be difficult to follow. But for those who have a working knowledge of the book, this is a good version to have. For those interested in obtaining the best version of the I Ching, I recommend the Ritsema + Karchner version--not, ironically, because it is translated well but

because each Chinese character used in the text is presented with all of its various Chinese meanings. This enables one to, quite literally, make one's own translation of the book.

This wonderful and scholarly book is a great complement to other more user-friendly versions of the text such as Huang, and it is a great shame that this version of Legge's classic has no usable table of contents, no hyperlinks, and above all omits the wonderful introduction of the printed original. This great book is therefore rendered shallow and unusable by thoughtless and incompetent presentation. It is a waste even of the \$1 purchase price.

If you want to learn the alphabet. It has illustrations and tells you history about the chinese charaters and their meanings.

This is a Classic of Chinese Philosophy, who am I to review it? I can barely understand it. Meant to be pondered, I suppose, it is considered an excellent translation, again, I am in no position to know.

The hexagrams should be numbered - it's almost impossible to navigate the book without that, unless you know them all by heart.
