Customer Reviews

This book is a very intense and enlightening book that covers tough subjects throughout the Old Testament. Though it is probably not for the average person, students of the Bible and especially the Old Testament will want to look at this book to gain further understanding from a great scholar in Old Testament studies. The author is a former professor of mine whom I learned much from and helped me to choose an Old Testament emphasis for my master's work. This book is detailed and can be used to topically search tough passages from the Old Testament Law. An excellent tie to the New Testament is done throughout the book as well.
