Jodi and Dan are gifted in helping you connect with what feels good in your soul...the deepest, most intimate connection to a part of ourselves that we too often keep tucked away. This book is an invitation to experience our greatest place of joy, and reconnect to the dreams that we once held dear, but relinquished to the mundane, everyday of life. Through this journaling experience, Jodi and Dan are like tour guides in our heart, asking thought-provoking questions, bringing our attention

to the hidden treasures within us, and skillfully teaching us to weave all parts of our lived experience into alignment with our truest self. This book helped me reclaim and reconnect to parts of my deepest desires and dreams that I had neglected while in pursuit of survival. It's a soulful and sacred journey. I highly recommend this book.

Bring Your Dreams to Life is a masterpiece of writing prompts that help to guide you to discovering your soul's calling and turning those visions and dreams into your unique reality. All of this is done in a wonderful way through thoughtful imagination and creative writing. A fun way to discover your hidden dreams!

As always Jodi and Dan's book are very touchy. The book is well written. It is a powerful source of motivation and inspiration for releasing your dreams, your mission, your souls calling and helping you convert that into reality. I loved reading the book.

I absolutely love this book in the way it guides you with the gentle writing prompts. I will probably never actually be done with the book since it's not something one wants to finish. You can go through it as you wish, and write or contemplate the questions and ideas as they guide you to help you hear your heart's desires and the calling from your soul. Get this book as a gift for yourself, and take a few minutes or a few hours when you can, enjoying discovering what you truly desire. Then let that energize you as you begin to see your dreams begin to unfold.
