# The Moses Code: The Most Powerful Manifestation Tool In The History Of The World

## Synopsis

Is it possible that nearly 3,500 years ago, Moses was given the secret for attracting everything you<sup>™</sup>ve ever desired? The Moses Code was first used to create some of the greatest miracles in the history of the world, but then it was hidden away, and only the highest initiates were allowed to practice it. In this book, James F. Twyman reveals the Code for the first time, showing how it can be used to create miracles in your life . . . and in the world. By practicing the principles presented within these pages, you<sup>™</sup>ll discover how you can integrate the most powerful manifestation tool in the history of the world into your own life. At the very heart of the Moses Code is the true function and practice of the Law of Attraction. You may have been told that this Law is all about "getting the things you want" things that you think will make your life more satisfying. But what if that<sup>™</sup>s just the first step, and cracking the Moses Code depends more on what you<sup>™</sup>re willing to "give" rather than "get." That would mean that you have the power to create miracles in your life right now! It would also mean that you have the ability, even the responsibility, to use that power for more than just attracting money, a better car, or the perfect relationship. You<sup>™</sup>re here to use the power of Divinity itself to create a world based on the laws of compassion and peace. That<sup>™</sup>s the task that lies before us.

## Customer Reviews

As I read Twyman's book I recognized the identical concepts that have been taught throughout the ages. Sweedenborg, Emerson, Descartes, Thomas Troward, Abraham-Hicks, Ernest Homes and more notably the many works of Neville Goddard all show that this book is a regurgitation of one

idea that is not secret at all. This book is a marketing ploy much like the Secret and in fact Twyman seems to continue to ride that gravy train by aligning himself with the law of attraction and implying: "But I have the secret to unlocking the Secret." Very enticing indeed but this book will probably leave many, just as empty. When I first saw this book I was very excited with the apparent premise of moving beyond the simplistic and naïve message of The Secret and the law of attraction. Millions of people had been sold on the idea that they can manifest ANYTHING with a single thought. Those Millions are left starving for more substance and Mr. Twyman has rushed to serve these people with a brilliant marketing ploy called The Moses Code. The Moses Code is much like the Secret. A book, a ruse to provide the reader with the "secret handshake" that will awaken the genie-god to deliver shiny toys to your doorstep. This premise will always sell books. The book borrows the very same ideas from Rhonda Byrne (The Secret) by posing the preposterous notion that something powerful, a secret code, was hidden from the world that would solve all of our problems--until now. In this book Twyman describes how God gave Moses the secret code during the famous burning bush scene in the third chapter of Exodus.
