Believe, Ask, Act: A Divine Steps To Raise Your Intuition, Create Change, And Discover Happiness

Synopsis

MaryAnn DiMarco has been communicating with the Other Side since she was 5 years old. As a psychic medium, intuitive counselor, and spiritual teacher, clients from all over the world have sought her out for both personal guidance and as a means to connect with their departed loved ones' souls. Even so, DiMarco's greatest gift is her ability to teach others how to connect to the universe themselves--and in a way that sets meaningful change in motion. Now, in her extraordinary first book, DiMarco shares her teachings for developing intuition that will enable you to control your life using three powerful steps: Believe is about recognizing and demonstrating a belief in a higher power, whether you refer to this powerful energy as God, Divine, Source, or another name. Ask teaches you how to pose the right questions to a personal team of angels, spirit guides, departed loved ones, and evolved souls who help you navigate life's ups and downs. Their job is to love, lead, and protect you as you dream, plan, and move along your soul's best path. Act is a powerful call to get off the meditation cushion and put one earthly foot in front of the other to create momentum and positive change. When you connect to your Universal Team's wisdom and guidance using Believe, Ask, Act, you will raise your intuition and learn how to identify and remove the spiritual, emotional, and real-world obstacles that hold you back. It's time to awaken. Pay attention. Understand your role on this plane and what the world has to offer. You've already signaled to the universe that you're ready to trust, listen, and work to realize your greatest potential.

Customer Reviews

If you are looking for a transformational book with easy to follow steps to connect with your spirituality, this is the book for you! I wish I could give this book 20 stars. Enjoy!

I also LOVE this book!! It is amazing how fast she helps you to connect with your own innate wisdom. Especially love how MaryAnn points us to listen to our own intuition and then take action steps when it feels right. A great book for anyone feeling stuck in any area of your life which we all do from time to time. Helps to remove our own subconscious blocks which can keep us from realizing our full potential
