Pediatric Nursing Made Incredibly Easy (Incredibly Easy! Series®)

Synopsis

Pediatric Nursing Made Incredibly Easy! Second Edition Whether you are prepping for the NCLEX or certification exam, looking for an aid to class materials, or just want to refresh your skills, **Pediatric Nursing Made Incredibly Easy!** is the answer. Part of the award-winning **Made Incredibly Easy! Series**, this fun, practical guide addresses pediatric care and childhood disorders in light of each level of child development, with a family-involved care approach. Full of expert insight and MIE's trademark wit, this lively reference addresses the full range of common pediatric conditions, and illuminates the many roles of the pediatric nurse. **Features:**

- Current data on more than 100 pediatric disorders, including genetic and cognitive disorders
- Coverage of topics including: cultural considerations, hospital care, children with disabilities and terminal illness, pain assessment and management, drug metabolism, healthcare team collaboration, ethics and professional boundaries
- Full color inserts illuminate complex concepts
- *œNurse Joy* and other illustrated characters offer tips and insights
- Easy-reference format with concise, bulleted content
- Numerous tables, illustrations and flow charts
- Special features:
 - **Just the Facts** – quick summary at start of each chapter
 - **Quick Quiz** – at end of each chapter
 - **Advice from Experts** – experienced practitioners' insights
 - **It's All Relative** – teaching tips and checklists for family education
 - **Growing pains** – developmental stage descriptions, expectations and risks
 - **Cultured pearls** – insights on unique aspects of care by cultural group
 - **Glossary of essential pediatric terms, selected references, and online sources**

Customer Reviews

I used this book to review for my Pediatrics exams throughout the semester and to do a cumulative review for my HESI exam - it was GREAT! It explains things simply and covers all the important topics. Highly recommended if you need extra help in your Pediatrics class! I have used several of the books in this series throughout my BSN program and have loved them all.

i own almost all of these books and they have literally saved me! definitely helped me pass some of my hardest nursing school courses! highly recommended!!

Didn't find it comprehensive enough, though for some topics it did a good job summarizing. I would stick to reviews and rationales series instead.

Still in the process of reading. About only a quarter done, but looks promising already. Packed with refreshing topics.
