# Daddy's Wicked Parties: The Most Shocking True Story Of Child Abuse Ever Told (Skylark Child Abuse True Stories Book 2)

## Synopsis

A heart-breaking true story of child abuse, and one little girl's terrible secret. The second of Kate Skylark's co-written true child abuse stories. Steve Gilbert is a charming, clever man. Lucy is his ten-year-old daughter. Lucy loves him to bits, just as all little girls love their daddies and she is delighted to hear he has organised a special party for her. After all, little girls love parties. But Steve Gilbert is also a sociopathic, manipulative sexual predator. Brainwashed into accepting her father's twisted view of the world, Lucy trusts him implicitly. Daddy will keep her safe; he will keep her happy. Daddy would never betray his little girl, would he? But as time goes on, Steve Gilbert's evil manipulations escalate and following a shocking string of events, Lucy's innocent young life turns from simple happy childhood to an abusive nightmare. Only one person can save her now. Lucy Gilbert and Kate Skylark are friends and confidants. They wrote this book together to help raise money to help children in danger. For every book sold or borrowed, a donation will be made to the NSPCC WARNING: This book is based upon a true account of child abuse, and as such contains passages that some readers may find disturbing.

## Customer Reviews

This was an excellent read and I would recommend it to any one who may be faced with this type of abuse. There are so many children out there who go through this same type of thing and who honestly believe that this type of situation is alright when it is not. I truly believe this book could help change someone's life.

This story was so powerful and disturbing. It tells the story of a young girl sexually abused and sold by her own father. At times I had to put the book down due to disturbing content but I continued to read about this strong young child. Yes things like this happen in the world, but books such as this one open our eyes to the abuse of children. I recommend this book and I believe once you finish it the good and bad in our world will seem very real.

I recommend this book to people going into psychology, chemical dependency field. It will help them understand what their patients have gone thru. And help them heal faster. To be able to understand what one has gone thru will make it easier for them to come out of their shell and learn to trust someone again.

This is a book about sexual abuse in it's ugliest form. How she survived it I'll never know. Child abuse should never happen but it does scarring people for life. I hope and pray that she will go on to have the happy life that she deserves.

Although I'm puzzled at how a father could be so corrupt, and though some of the details in the book made me uncomfortable, it kept my attention the entire time. You never know what someone is going through I commend the Arthur for her strength.

Shocking. I hate that I know this goes on. I preferred not knowing, but the more folks who know, the better, if we want to stop such abuse against children.

The sickness that some people have going on on their heads. I read this book in only a few hours. My headaches for that this poor girl went thru. Mom saved the day at the end, but why she left in the first place I'll never understand. I recommend this book, highly.

great book, heartbreaking, strong lady here
