Synopsis

Shiva Sutras: The Supreme Awakening â¢ Includes free downloadable audio of original lectures. â¢ A collection of 77 aphorisms that form the foundation of Kashmir Shaivism. â¢ The version herein contains the commentary of the 10th century philosopher and mystic Kshemaraja ,and is revealed to us by the fully realized master Swami Lakshmanjoo. The Shiva Sutras, gifted by God to the sage Vasugupta for the upliftment of humanity, is one of Kashmir Shaivism's most important and revered texts. Swami Lakshmanjoo gives the reader a penetrating vision of the glorious journey of the Supreme Awakening; the traveling from limited individuality to absolute oneness with God. Basing his rendering on the esoteric commentary of Abhinavagupta's chief disciple Kshemaraja and drawing on his own experience, Swami Lakshmanjoo shows us the way home.

For readers seeking self-knowledge, enlightenment or, as was the case with me, sobriety, consider the Vedas -- of which this book is just an extension. With their first written samples being dated about 4,000 years ago -- while Moses walked the streets of Egypt, the foundation of the Shiva Sutras were being written for the first time in India. Arguably, this collection of short translated Sanskrit sayings focus on consciousness and its role in reality. A book that can be opened at any time, anywhere, for finding just the right way to think about what's bothering or troubling you. Shiva is one of many names for God and Sutras means 'Thread'. I learned about this book from Deepak Chopra, who I have to say is one of the Rishis -- back in the flesh. If you have the Gita and

Mahabarta around your house, add this one -- it will add back in ways you can't imagine. Gary Poyssick in Tampa, Florida

I adore this book! One to be read many times. The thoughts, ideas, and philosophies to be held within the heart. Swamiji's presence seems to come right through the text into the reader's heart and mind. This book is for those who wish to deepen their practice to Shaivism. People looking for a real and verifiable experience should read this book after reading "Self Realization In Kashmir Shaivism." Then "The Secret Supreme" and finally this one. Although I suppose you could start with this one too. But I read Swamiji's books in that order and can attest to having a real and verifiable experience with Swami Lakshmanjoo. Although, you can only verify this experience with yourself. I doubt you could verify it to others. It's a kind of subjective knowledge. But the objective is there too. And some weirdo in between subjective and objective as well. I don't know. It's hard to put into words. I think Swami Ji says it best. So, just buy the book. And you'll taste what I'm talking about!

An in-depth spiritual guide to human consciousness written by a master of the field.
