Customer Reviews

As a practicing psychotherapist, organizational development consultant and faculty member of the famed Gestalt Institute of Cleveland, I'll always be a lifelong student of human behavior and our collective possibilities. I've recommended B.Naparstek's guided imagery tapes to clients for the last five years. Always with great success. Her previous book, "Staying well with guided imagery" was a great addition to the well thumbbed books I'll referr to for life. Her latest book, "Your sixth sense", is the tour de force that no, not even anyone baby psychic skills could have predicted.The reasons "Your sense sixth" is such a major contribution to all the social sciences is because of its profound grasp of complex human phenomena that is simply explained. Naparstek allows anyone who reads this work TO OWN their psychic ability through "ah ha", I've been there re-experiencing AS THEY READ her work and she gives wonderfully clear suggestions about HOW anyone can enlarge their psychic knowing. For years, practitioners have been referencing the phenomena of energy and human energy field, Naparstek easily guides us through complex reviews to help literally wrap our minds around the physics of what energy is about and how we can have more of it. Frankly, I hope

this text becomes the forever classic it so richly deserves to be. "Your sixth sense" is the most grounded approach to what has typically been the stuff delegated to metaphysics and practitioners of esoteric wisdom. Here finally, we can all get on the same wave of ancient thinking, honed with cutting edge insights and delivered in a manner that empowers any reader to enlarge their vocabulary of action for the complexities of everyday life.
