The Philosophies Of India

Synopsis

India has perhaps the oldest living philosophical tradition in the world. Though both Buddhism and Jainism began in India, its primary influence is the Vedic tradition. The Vedas are the fundamental Hindu scriptures and the basis of the six systems of Indian philosophy. Hindu philosophy affirms an ultimate or universal reality, but it is also individualistic, embracing many alternatives or paths to one reality. Also characteristic is the belief in reincarnation, and in karma, the law of moral causation. The World of Philosophy series presents the questions, interests, and worldviews of the world's great philosophers and philosophical traditions. Special emphasis on clear and relevant explanations, in understandable language, give you a new arsenal of insights toward living a better life.

Book Information

Audible Audio Edition

#163 in Books > Religion & Spirituality > Other Eastern Religions & Sacred Texts > Karma #467
in Books > Audible Audiobooks > Religion & Spirituality > Buddhism & Eastern Religions

Customer Reviews

This is an excellent audio introduction to the various philosophies of India: primary Hinduism and Buddhism. The various key concepts of each philosophy (dharma, dukkha, karma yoga, etc.) are discussed in lucid detail. One walks away with a new (or renewed!) appreciation for the diversity of thought present on the Indian peninsula.
