Complete Books Of Enoch: ALL THREE: New Translation With Extensive Commentary (Theosophy / Mysticism): (Theosophy / Mysticism)

Synopsis

Buy the Paperback, get the Kindle version for FREE! Many of the Book of Enoch books available are in fact public domain (the R. H. Charles version of 1917) which means that they can be given away to anyone for free, by anyone. This book is NOT one of those. What is the problem with public domain versions? They are full of errors, as they are around 100 years old and out-dated scholarship. Sure, they might be cheap, but most of the information is wrong. World renowned scholar Dr. A. Nyland has a doctorate in ancient languages and word meaning. She was a college professor at the University of New England, Australia, lecturing in ancient languages. She has appeared on television and radio numerous times speaking about ancient languages and ancient peoples. These days, many non-translators (some of whom actually claim to be translators) sell the public domain version of 1917 by R.H. Charles (both as is, and also disguised by slight rewording) as a commercial venture. This version reflects the knowledge of The Book of Enoch as it was back in 1917. Great advances have been made since then. This (all 3 Books of Enoch) is a NEW (2010) and easy-to-read translation by ancient languages scholar Dr. A. Nyland and is NOT the 1917 R.H. Charles Public Domain translation of The Book of Enoch. The Book of Enoch is of importance to theosophy and mysticism. This book is an easy to read translation with cross references, copious background notes, and notes. This new translation by Dr. A. Nyland contains all 3 Books of Enoch: 1) 1 Book of Enoch (Also called The Ethiopic Book of Enoch) 2) 2 Book of Enoch (Also called The Slavonic Book of Enoch, The Secrets of Enoch). Also contains the extended version of 2 The Book of Enoch, The Exaltation of Melchizedek. 3) 3 Book of Enoch (Also called The Hebrew Book of Enoch) The Books of Enoch are of interest to a wide audience: theosophy, mysticism. 1 Book of Enoch tells of the Watchers, a class of angel, who taught humans weapons, spell potions, root cuttings, astrology, astronomy, and alchemy. The Watchers also had sex with human women and produced the Nephilim. For this, they were imprisoned and cast into Tartarus. This is also mentioned in the New Testament. In 2 Book of Enoch, two angels take Enoch through the 7 heavens. This volume contains the extended version of 2 Book of Enoch, The Exaltation of Melchizedek. In 3 Book of Enoch, Enoch ascends to heaven and is transformed into the angel Metatron. This is about the Merkabah and is of interest to those who study mysticism and magic, and to Kabbalists. People interested in theosophy or mysticism will find this book invaluable, as will Rosicrucians. About the Author. Dr. A. Nyland spent her time on Faculty at the University of New England, Australia, teaching ancient grammar, conducting a lengthy replication of a Bronze Age horse training text, and drinking espresso. She is the best selling translator of such books as The Complete Books of Enoch and author of What Were the Watchers? as well as Nephilim and

Giants. The information based on her books is not based on her own opinions, but is presented with a view to getting actual facts out there. This is harder and harder in this day and age with misinformation spreading like wildfire on the net, driven by all the books by authors who know no ancient languages, and get their information from English translations rather than the original texts. It is futile to research ancient texts in English translation.

I've spent my entire life studying the scriptures of the Bible, as well as anything that puts the scriptures into context and supplements them. For example, I love taking in historical information that gives me insight into the times and cultures in any given era that a particular book of the Bible was written in. I've always found the book of Enoch to be a curious thing, as it is not considered Biblical canon by most, maybe even heretical rather, and yet it IS quoted and referred to numerous times in the Bible itself, most blatantly in the Christian Greek scriptures (BUT as I've learned from this collection, it contains numerous connections and cross references to the Hebrew Scripture/Old Testament as well). Wanting to learn more, I bought this book and I am very glad that I did. One

great thing about this particular release of Enoch's writings is that everything is here. All three books relating to Enoch that were found alongside the other written works of the Dead Sea Scrolls are here and translated simply and beautifully. I am very grateful for the concise and modern language employed by the translator for this work. It is practical, understandable, and yet doesn't sacrifice any of the original meaning, which is refreshing. The book is very unbiased and objective, even in the additional "commentary" parts that are scattered numerous throughout the book. Thankfully, Dr. Nyland does not fall trap to the grating, presumptuous mistake that most religiously oriented supplementary book authors do; that mistake being injecting his/her own ideas and opinions into the work and treating that as if their own conjecture and speculation is God's inspired word as well (a very arrogant, annoying practice, if you ask me).

Dr. Nyland's translation of the books of Enoch is brilliant and has come at the perfect time, as I am working on projects that require this information. I had no idea that this book would include 2 Enoch and 3 Enoch (in addition to 1 Enoch) with all-inclusive commentary and cross-references concerning the very same beings who I am researching. This book is a gem and should be included in the libraries of all demonologists, as well as anyone who is interested in knowing who the principalities are behind spiritual warfare. I recommend this book for all open-minded Christians who have not been brainwashed by the watered-down teachings of their churches. I truly wish that I would have read this book before writing my first novel, as it would have had a completely different storyline for the demon named Sancho. 2 Enoch even includes more information about Noah than we see in our tailored Holy Bibles. I should also note the significance of the many other important prophetic messages that Dr. Nyland has translated into easily understood modern English. The last days are upon us and God has allowed for this new knowledge to be spread throughout the world. It was 1947 when the first of the controversial Dead Sea Scrolls were found within the Qumran caves. I truly believe that 1 Enoch and possibly 2 Enoch were at one time a part of the original canon, as Jude directly quoted from 1 Enoch chapter 1 in his prophetic message within the B'rith Hadashah (New Testament). I'm completely blown away by the writings of 3 Enoch. I'm in awe at what Rabbi Ishmael was able to witness and record. To me, it seems as if he had experienced astral projection on a higher level, similar to what Enoch had experienced before he was taken up from this world.
