## Customer Reviews

The author is getting better at writing this series even though there is no depth to the characters nor the stories. At least this story only had one instance of someone "blowing out their cheeks" and one "Mary Jane". By the way, a quick u turn is a u-ey not huey. I was a bit disappointed that the story was not completed concerning the will of the deceased and his prize for solving the murder. I would hope in the future, ms watts expands the length of each chapter and the overall length of her stories. With the number of different characters introduced in the ten books, there are enough characters to start including them into future books to increase the reading experience to her fans.

I have this a 5 star because it's my favorite book so far! We've had a lot of development with character and story lines and sometimes I felt like things repeated a little to much in this series but this book was fantastic! More love drama or anticipation and little scAry or creepy build up from evil character's or so we think evil! CANNOT WAIT for the next one please hurry!

When I get time to read, I like to read a series and this was one of the best reads I have ever read in this genre. Following Jane and her family was funny and the mystery was great. These books are not to lengthy but yet long enough to peak your interest to see what happens next. A few grammatical errors but nobody's perfect.

The story just keeps getting better and better, I really enjoyed this one alot. I wish you would write the books in a longer story, we hate waiting for the next book to come out. Thanks for a great story all the time ...

I have read all 10 books in the series, I love how the characters have developed and the plot lines tie together the village.. Fun read

I love these books. They are clean, funny, and the whodunit is awesome. I can't wait for the next one to come out.

I have actually read all 10 of the "Witches of Crystal Cove" books and I hope Emma Watts continues

writing this series. I found the stories very entertaining and I love the characters.

I have read all 10 books in this series. I can't wait for the next one. Jane better keep her sleuthing skills in tact, she's going to need them to deal with her mother and whatever she's up to.
