Unlocking The Secret Of The Erev Rav

UNLOCKING THE
SECRET OF THE

B . R . L E V Y

Synopsis

Warning: This book could change the way you see the world. The mysterious group of people called the 'Erev Rav' have stayed hidden in the shadows of Jewish history for more than three millennia. For the first time, this book pieces together some of the deepest Jewish sources and commentaries to paint a picture of the Erev that's complex, engaging and occasionally disturbing. In these pages, you'll find the answer to questions like: > Who are the Erev Rav? > How are they really connected to the Jewish people? > Why have they got such a bad name? > How do they behave? > Why are they still a problem for the Jewish people, even in our modern times? > How are they connected to global redemption, and the coming of Moshiach? > What can we do, to meet the challenge they pose to us and our communities? This book is like reading a mystery thriller about the Jewish people, just so much better.

Customer Reviews

This book is completely unique. The author obviously gathered highly regarded ancient sources, then wove them into a book written for the modern reader. As far as I can tell, there is nothing like

this book on this subject. And it provides SO MUCH insight into all sorts of problems and dysfunction occurring today. While it helps to at least have prior familiarity with the term "Erev Rav," the author explains things so well and so clearly that anyone can benefit. Regarding the one or two parts that demand some prior knowledge, the author alerts the reader first, explaining how much the reader can skip and where to pick up again without breaking the book's fluidity. This masterpiece contains a lot of innovative ideas and insights based on original sources and you'll experience a lot of "wow!" moments as you go through each chapter. The author also covers the self-improvement aspect, which injects a lot of hope and positivity into the whole phenomenon. As always, Rivka Levy manages to write about the most complex topics in a way that is clear and conversational. In addition to everything else, the book is an absolute pleasure to read.

I wasn't sure what to expect when I started reading this book but found it easy to read and very informative. You can tell that the author spent a lot of time researching before writing this book. While it helps if you have a familiarity with Jewish history and the Bible or Torah, it isn't necessary to read this book. She lays everything out then summarizes everything to make even this somewhat complex subject matter understandable. For me, not being Jewish, this was a very interesting book. I knew that there were Egyptians that left Egypt with the Jewish people during the Exodus. But never gave them much thought beyond that. I recommend you read this book whether you are Jewish or not. It is worth reading just for the history and insightful summaries the author has written.

I do not think I said the word, "WOW" so many times while reading a book. It hit me like a concrete wall. In the past I thought I understood who the Erev Rav were and that they were easy to identify. The author Rivka Levy in her witty yet informative style explains the ancient history of the Erev Rav and the character traits of the Erev Rav. This is one of the showstoppers but then she drops knowledge on why it is not so cut and dry to identify the Erev Rav. I just kept freezing as I was reading this book. I wished I had something like this earlier in dealing with difficult people in the community. It softened my heart and took my stress level so many levels down. I have a better understanding of why the dysfunction exists. It gave me hope that things will get better. I also learned about the character traits that I have to work on myself (eh-hem)! This book should be on a must read for any Mussar recommended book list. If you are looking for a book to help you deal with difficult people within the "Pomegranate" (wink) community. This is your book. You will find yourself so much happier and hopeful after reading it. I recommend this book to everyone I know.

Almost as soon as I started reading *Unlocking the Secrets of the Erev Rav*, my jaw was hanging open. I was shocked, in a very pleasant way, by new understandings that this book opened up to me. And Rivka Levy has the gift of taking extremely esoteric and complex material and making it very accessible to the reader. I'm not going to say that this book doesn't require any background in Judaism or in the Bible. If you have that, Levy will take you much deeper. She writes almost conversationally at times, making it much easier to understand the huge spiritual realities she's introducing in this book. And why they're particularly important in our time.

Thank you R Levy for this intriguing informative and easy to read book. It was eye opening! I really appreciated learning the traits to look for and the corrective actions to take to rectify them in myself as well as how to deal with others who may display these unhealthy signs of the erev rav. The book was so interesting well researched and documented and also very easy on the eyes to read through. Not only that but you gave the information needed for comprehension and integration of the important aspects of the erev rav. Thank you for this amazing book!!!
